***Scheduling note** - To schedule Punxsutawney Phil as part of your field trip, you **must have 25 or more students on the day of the visit. If this attendance requirement is not met you will be charged for your base package plus the add-on per expected student for 25 students.** Our basic exhibit/video packages require a minimum of 10 students to host a visit.

Lunch

If your group is planning to eat lunch while in Punxsutawney, please coordinate with our educator by calling 814-938-1000. We do not provide lunches but will help you make eating arrangements. Small groups can be accommodated at the Weather Discovery Center. For large groups, we need to make special arrangements or if the weather is nice during your visit, our town square park is an option.

Chaperone Policy

Chaperones are necessary to monitor and help the students while in the exhibit hall. **We require a minimum of 1 chaperone for every 6 students.** Teachers count toward this requirement, and no exceptions will be made. We will verify chaperones prior to your trip with a form.

Please fill out the **"Field Trip/Group Visit Request Form"** and fax to 814-938-8830 or e-mail to educator@weatherdiscovery.org. Our educator will then be in touch to discuss your field trip arrangements.
